Dear Parents,

I'm sad to announce that Mrs. Beatty will be leaving us at the end of this school year. Her husband has been offered a great job opportunity in Indianapolis, and they will be relocating over the summer. Mrs. Beatty has been a wonderful asset to the staff of St. Peter in Chains School. Some of our favorite memories and highlights of her time here include the Field trip to the Indianapolis Children's Museum Dale Chihuly exhibit, where students were able to learn about his glass sculpture. They learned how to imitate his work using plastic plates and cups. She also introduced our school to Art to Remember, in which students were able to turn their artwork into gifts such as cups, plates, keychains, mouse pads, etc. Mrs. Beatty's goal has been to provide students with a space for creativity and free expression, with no right or wrong way to be successful—a place where students can discover their talents. In my opinion, Mrs. Beatty accomplished her goal! She has graciously agreed to assist me with the hiring process for a new art teacher, because she wants to "leave students in good hands". Mrs. Beatty has truly elevated our Art program and will be greatly missed. Please see Mrs. Beatty's letter below.

In Christ,
Michael Collins
Principal

A message from Mrs. Beatty...

To my St. Pete's Family,

God truly placed me at St. Peter in Chains. At first, I didn't know if it was for the betterment of myself, or the students here, but I now know it was because of BOTH! I am forever grateful and blessed with the opportunity to teach here at St. Pete's. I have never worked somewhere that appreciated the work that I do so much! From self-portraits, to discovering new artists and processes, to creating art auction pieces to raise money for our school, I HAVE LOVED EVERY MINUTE! Your children have not only grown as artists during my time here, but have grown as creative problem solvers. Learning that Art isn't right or wrong but it is a journey to create a beautiful impactful piece of art. Mistakes are jumping-off points for learning through something to make it better. I hope students carry this with them in life. Knowing when something doesn't work out, changes, or discourages them that they know that they can confidently and successfully work through it and make their own impact in their journey of life. I also hope that I have positively impacted their relationship with God as well, by sharing my personal journey with Christ, and reminding them to always share God's love with others. I AM VERY SAD TO GO but God just needs my family to serve him in INDY instead of here at this time in our lives. I will miss each and every one of you! You all have made a permanent impression on my heart that will never fade! **Students-** Remember that life is never as hard as we sometimes think it is.

-GOD ALWAYS PROVIDES

-DANCE because life is too short and it's fun!

-BE KIND to everyone including yourself!

-and my #1 rule... ALWAYS DO YOUR BEST at everything you do!

God Bless,
Mrs. Bridget Beatty

Help Combat the “Summer Slide”

To succeed in school and life, children and young adults need ongoing opportunities to learn and practice essential skills. This is especially true during the summer months. If you are interested in helping your child combat the “summer slide”, then consider ordering the Summer Solutions Workbooks. These workbooks are recommended for keeping children academically engaged over the summer months. Anyone can use Summer Solutions because everything the student needs is included in the books – lessons, help pages and an answer key. Steps for ordering can be found [HERE](#) or on the website under the “Parent Page/Forms”. **Order before April 29, 2018.**

Pennies for Patients is a program supported by the Leukemia and Lymphoma Society, a non-profit organization dedicated to saving the lives of blood cancer patients. Recently, a member of our SPS community was diagnosed with Leukemia and another who went through treatment for non-Hodgkin’s Lymphoma in 2013. We would like to show our support. To do this, SPS student council will be having a money war between all of the classes with 100% of the proceeds benefiting LLS.

To help your class win start collecting loose change around your home. When you bring the money in, place it in your class’s jar in the cafeteria. Coins are worth their value (ex: a nickel is 5 cents) as points. Dollars can be put in other class’s jars to take away 100 pts from that class. The class that has the most money wins the war and gets a prize. This event will run from Monday, April 23rd through Friday, May 4th. SPS Student Council appreciates your support!

"LLS was a tremendous support system for me when I went through treatment for non-Hodgkin’s Lymphoma. Their copay program helped ease the burden of medical bills while going through treatment. It was a great help to our family and one less thing to worry about."
